About ACTIA GROUP :

A Toulouse based group with global presence, ACTIA is specialised in high added value electronic equipment, destined for the vehicle and telecommunications markets.

With a strategy based on innovation, quality and competitiveness, the Group is today a leader in automobile diagnostics, in on-board systems for the niche markets for vehicles with small and medium sized production runs (buses, coaches, HGV's and specialist vehicles...) as well as in hertzian transmission.

Bloomberg: AIELF:FP

The Registration Document for the financial year ending 31st December 2010 has been filed with the AMF (French Financial Markets Authority) on 18th April 2011.

The document includes:

- Financial information concerning the business, the results and the financial situation for the year ending 31st December 2010,
- The Board's management report which includes the report on the management of the Group,
- The report from the Chairman of the Supervisory Board and
- The Auditors' report.

The Group would like to point out that, as at 31st December 2010, 11.2 % of the Group's debt was subject to covenants. Certain covenants were not honoured at end 2010. They represent 5.8 % of total debt.

In anticipation of the covenants not being honoured a waiver was requested in December 2010 for a period of one year. A response is expected following publication of the annual accounts and full processing of the information by the financial establishments.

The Registration Document has been made available in line with the conditions stipulated by the relevant regulations and may be consulted on the ACTIA GROUP internet site www.actiagroup.com under the heading "Investors" in the "Permanent Information" section.
